

THE COSMETIC DENTAL STUDIO

WWW.THECOSMETICDENTALSTUDIO.COM

about the practices

Our first dental surgery was opened in 1986 in Dovercourt. We moved to our current location in August 1997 and took over the Clacton Practice in 2004.

If you are a new patient we would like to take this opportunity to welcome you, if you are already registered with us, please keep this leaflet as a reference.

Facilities - Both practices have ground floor surgeries. Both Dovercourt and Clacton have disabled facilities.

Home Visits - Our practices are able to offer home visits to our patients that have mobility problems.

New Patients - All our practices are accepting patients both privately and within Denplan. Further information is available upon request.

Emergency Appointments - We are able to offer a limited number of emergency appointments to registered patients each day. Please call as early as possible in the day to make an appointment.

Nervous Patients - All of our dentists and staff are very sympathetic and will try to help you with your fears and worries. Our aim is to provide dental treatment in a relaxed and friendly atmosphere. We are particularly happy to see and treat nervous patients. We are able to offer sedation if necessary.

Denplan - We offer Denplan Care and Denplan Essentials at Clacton and % free finance is also available at both practices via Denplan Enhance. Further information is available from reception.

DOVERCOURT

Tom Daly

Qualified in Trinity College, Dublin in 1980. B Dent.Sc.D.U.
